## THE MURDER OF A BABY

Companion of Mother Is Found Guilty and  
She Will Be Put on Trial at  
Vancouver

Winnipeg, July 9.—Victor Cyril Popo, found guilty of the murder of the three-months-old daughter of Mrs. John Popo, was sentenced to hang to hang between 6 and 10 a.m. Thursday, August 25th.

His wife, Eva Willis, is also charged in connection with the murder, and will appear for hearing at the next assizes.

Calgary, will leave shortly for Winnipeg, to proceed to his new place of employment at the University of Rome. He was incarcerated in the Elm Street City, a somewhat unusual procedure, but it was necessary to maintain friendship which has always existed between him and Mrs. Sorelli, former wife of the deceased.

When seen the bishop stated he intended to return to Almonte for a few days, and then to visit his mother in Calgary should have a splendid trip. He will go to Calgary shortly to look up his new place of employment.

## BULGARIANS AIM DECISIVE BLOW AT HEART OF SERVIA

Must Strike Quick and Hard to  
Forestall Action of  
Roumania.

STRATEGIC AIM TO  
ISOLATE SERVANS

Fighting Now Well Inside Old  
Servian Frontier, But Bul-  
garians Have Suffered Tre-  
mendous Losses.

London, July 9.—Bulgarians are now aiming a blow at the heart of Servia in an attempt to win a decisive advantage against her former allies, Servia, Greece and Montenegro, who whom she quarrelled over the spoils taken from Turkey. She must strike swiftly and strike hard. It is in Servia, which departmental authority that today the Roumanian army, 600,000 strong, will be ready for action. This army may be used against Bulgaria unless she has previously defeated Servia and Greece.

Flushing was reported yesterday at man points inside the old Servian frontier and on the battlefields of the war of 1885, where the Servians went down before the Bulgarians. Pirot and Timok Valley were there taken by the scenes of sanguinary struggles.

The strategic aim of the Bulgarian movements appears to be to cut off the Servian army operating in Northern Macedonia from Belgrade to Skopje. Servian soldiers on the Servian railway north of Vranje are said to have been destroyed, isolating the Servians on the north, while the Bulgarians capture of Belovis, 15 miles northwest of Saloniki, isolates them from the Greeks on the south.

Total Casualties 80,000 Men.

London, July 9.—Reports of the evacuation of Kolichana and Isly by Gen. Kouschev's army are confirmed in a Sofia despatch to the Times which estimates the losses on both sides at scarcely less than 80,000 killed and wounded. The Bulgarians faced the most desperate fighting and suffered great losses of horses before they were routed, suffering the severest losses. A telegram from Gen. Jurevich at Sere yesterday declares that the total casualties on all sides since the war was resumed have been fully 80,000.

**Turkish Population Good to Greeks.**

Adhens, July 9.—King Constantine has telegraphed to the premier, Dr. Voulgaris, that the Bulgarians in their retreat from Durrans carried off the Greek Metropolitan and 80 Greek notables as prisoners. All were bound with cords, brutally beaten and almost were treated badly. The king added the fears for the lives of the Vidina. The Queen has called from London a hundred nurses for the military hospitals in Athens and Saloniki, and has formed a committee of society women to assist in tending the wounded. The Queen-mother is leaving for Saloniki to meet the wounded. She will be accompanied by Princess Theresa of Bavaria. Today she distributed gifts for the wounded. Princess Helen has contributed money to the families stricken by the war. Princess Alex will go to Saloniki to assist in the hospitals.

The Turkish population in Macedonia is so hostile to the Bulgarians that the sheriffs and pashas spontaneously offer themselves as guides to the Greek army.

The Turks receive the Greek troops with open arms and give them milk, meat, bread and wine. The British battleship Emmanuel, which has arrived at Sura from Rhodes.

**CAT AND MOUSE BILL.  
POWERLESS TO SUBDUCE  
SUFFRAGETTE KITTY**

Big Meeting Held in Queen's Hall to Denounce Bill as Ineffective.

London, July 9.—A big meeting was held in Queen's hall last night to denounce the repeal of the "cat and mouse" bill. Similar meetings will be held throughout the country.

The king has sent a message of sympathy to Sir William H. Leverell whose country residence near Norwich was burned by the suffragettes.

The Mail instances as an evidence of the effectiveness of the "cat and mouse" bill in suppressing militancy that, whereas, 15 months ago there were 204 suffragettes under sentence for militant offences, there are today only 24, including 12 who have been temporarily released. Of the 120 in prison, seven are taking food regularly.

The police, according to the Mail, believe that militant work is organized and has almost ceased.

Miss Kitty March, a suffragette who was sentenced on July 3 to three years penal servitude for setting fire to the islands of the Hurst park race course, was released yesterday. She is on license, and will start again on July 24, including 12 who have been temporarily released. Of the 120 in prison, seven are taking food regularly.

**TWO ARE DEAD IN  
AIRSHIP COLLAPSE**

German Aviator and French-  
man Passenger Killed by  
Sixty-foot Drop

Wurzberg, Germany, July 9.—The German aviator, Lederer, with a Frenchman as a passenger, gave an exhibition aerobatic flight yesterday afternoon as a feature of the Polyfest. The machine crashed at an altitude of 60 feet and both men were killed.

**"BLACK BART" HOLZHAY  
RELEASED FROM MARQUET**

Terror of the Northern Woods, 28 Years Behind Prison Walls, Freed at Last From Durance.

Lansing, Mich., July 9.—"Black Bart" Holzhay, sentenced for life to Marquette prison in 1889 for highway robbery, was released yesterday after having served 24 years. Holzhay's exploits in the woods of northern Michigan and Wisconsin rival those of Jesse James. He held up stage coaches and way-laid travellers. When released at the prison he was well known and gave the prison authorities much trouble. A surgical operation changed his character completely and since his release he has been a model prisoner studying hard and gaining a fair education.

**HURRYING TARIFF BILL.**

Washington, July 9.—Senate Finance committee committee is hurrying up the schedules of the tariff bill. Chairman Simmons hoped to have it ready for the House to act on and call a meeting of the committee tomorrow. It is possible the bill will be reported to the House Thursday.

Dubois, however, probably will not begin until next week.

## ONLY ONE AVIATOR DECEASED STARTERS MADE FIRST LAP

Wrecked Skyships Flop Into  
Lake Michigan in Sum-  
mer Squall.

CHICAGO-DETROIT  
RACE BROKEN UP

Fighting Desperately to Keep  
Afloat, Jannus and McCul-  
lough Rescued by Unwieldy  
Sand Dredger Just in Time.

Chicago, July 9.—Two of the three hydro-aeroplanes which started from Chicago yesterday to fly to Detroit were wrecked over Lake Michigan by a squall and fell into the water of the lake. Jannus and his mechanic, Paul McCullough, were picked up off South Chicago by the steam tug, the "Victor." Walter Johnson of New York, flying alone, was rescued near Whiting, Ind., by the "South Chicago" United States life saving corps.

Jannus' machine was abandoned in a squall, after the dredger had started it to shore, and he may resume his flight.

Brekwith, however, carrying a passenger, J. P. Van Pelt, of Philadelphia, N.Y., owner of the machine, reached Michigan city in safety, the only one of the 10 aviators originally scheduled to start who made the first lap.

**Will Start Again.**

Roy L. Francis, San Francisco, who rose from Clarendon beach, did not attempt the flight to Michigan city, but landed at Grant Park, the starting point for the contest. He will start from here today in an effort to make up for his misfortune.

Jannus ran into a thunderstorm with fierce squalls of wind, when he had covered about half the distance. The machine was forced to descend, but the lake was so rough that it was with difficulty that Jannus and McCullough could keep afloat.

The men were paddling desperately in their effort to keep their craft right side up when the dredger steamed up to them.

A few minutes later the storm became so severe that the Daultle found it impossible to tow the air-craft and was obliged to cast it adrift.

Jannus and McCullough, almost exhausted, were rescued by the tug, the "Victor," and a short time after landing proceeded to Chicago by train.

**Trouble with Engine.**

Johnson was able to make a landing on the water and was in good shape when the life saving crew came to him. "Broke trouble had forced him to descend, but his craft was saved by the life saving crew to be in condition to proceed."

Jannus, who left Chicago a few minutes before one o'clock, dropped into the smooth water of Michigan City harbor at 1:45. The distance is about 60 miles. He was the first to start and his last scheduled stop, night at Detroit.

Johnson remained last night at Detroit, and will start again today. It was announced, as aviator headquarters here.

Jannus and McCullough are out of it. Jannus said last night they were endeavoring to recover the engine of the machine, which is still somewhere on the lake, held up by the pontoon life preservers and woodwork of the craft.

Packey McArthur Says that Five Meets Ago He Will Defeat Him Easily.

IS ARRANGING FOR BOIT CHAMPION

Will Be Better for Game If McArthur Does Not Get His Wish—Would Allow More Fights.

New York, July 9.—The professional boxing world is again in a state of excitement over the prospect of a fight between Packey McArthur and Billy Goetz. McArthur, who is now in the middleweight class, has been defeated by Goetz in a recent bout. However, McArthur is confident that he can defeat Goetz in a future fight. He is currently training for the fight and expects to fight Goetz within a few weeks.

McArthur is a former champion and has been in the ring for many years. He is known for his power and his ability to take a punch. Goetz, on the other hand, is a younger fighter who has been making a name for himself in the middleweight class.

The fight between McArthur and Goetz is expected to be a close one. Both fighters are known for their toughness and their ability to fight through adversity. The fight is expected to draw a large crowd and to be a major event in the boxing world.

McArthur is currently in training at the McArthur Gymnasium in New York City. He is being trained by his manager, who is confident that he can defeat Goetz. Goetz, on the other hand, is training at the Goetz Gymnasium in New York City. He is being trained by his manager, who is confident that he can defeat McArthur.

Brilliant First Defeat of Moose Jaw on Their Home Grounds—Was a Good Game—Whisman Sings With Sensational Catch in Outfield—All Played Well.

Moose Jaw, July 9.—The Eskimos, who have come back strong in last night's game and have the distinction of being the first team to spill the goods over the home plate, were again victorious. During the game, the Eskimos were scored, and as the visitors, Whisman, who was in the box, pitched a brilliant game. He was backed up by splendid fielding, particularly in the outfield, by Whisman's catch which snuffed out a long drive by the visitors. The Eskimos won the game by a score of 6 to 0. The Eskimos' victory was a brilliant one, as they had not won a game in a long time. The game was a good one, and the Eskimos played well. The visitors, on the other hand, were not as good. SPORT COMMENT

The Federation of Baseball players is going to find out just how much power they have and what use they will be to ball players individually and in general. They have selected the case of Brennan, who was fined one hundred dollars by the league president recently. Vice-President Dolan, in advising Brennan to refuse to pay the fine until the Federation has taken the question up with the league, has started what will probably develop into a final fight between the players' organization and the league, with the possibility of it extending to all organized ball. Anyway, the Federation has started something.

The City Baseball League is growing into an important organization. Its games are improving in quality and in a few more years it should be turning out some cracking good ball players. Just at present, the grounds on which they usually have to play are such that they really do not get a chance to improve their playing. They are not accustomed to a good diamond and the result is that when they do get on a diamond, they are not in the best of shape. The City Baseball League is growing into an important organization. BRONCHOS WIN FROM QUAKERS

Calgary Team Indulged in Frequent Umpire Baiting to Disgrace of Fans—Score 3 to 2

Saskatoon, July 9.—Calgary took the second game of the series from the Quakers yesterday 3 to 2. It was one of the best contests of the season, but was marred by the numerous delays of the visitors, who were slow in coming to bat and in going into the field.

In the second inning Roche was caught at the plate by Walters. The Calgary players crowded around the umpire and protested vehemently. The umpire, who was not in the best of shape, was not in the best of shape. The game was a good one, and the Eskimos played well. The visitors, on the other hand, were not as good.

BALLPLAYERS FEDERATION WILL FIGHT ASSOCIATION

Vice President Dolan of the Federation of Baseball Players Has Advised Brennan Not to Pay Fine of \$100 Imposed by League President Until Federation Investigates.

That the Federation of Baseball Players will fight the Baseball Association in the fine of Brennan for fighting during a game in New York recently is indicated by the fact that Dolan, Vice-President of the players' organization, has advised Brennan to refuse to pay the fine of \$100 imposed on him by the league president, until the committee of the Federation has had time to consider the matter. The Federation has secured the services of a lawyer to advise them in the matter. It will be a test case and will show how much power the Federation has.

ST. PAUL MAY LOSE FRANCHISE IN NORTHERN LG.

The Club in St. Paul Has Been a Bloomer and May Be Given to Lacrosse Wis.

St. Paul, Minn., July 9.—The St. Paul Northern League franchise may be transferred to Lacrosse, Wis., some time during the next few days according to Manager Connel. The club has been a bloomer and owner Connel is anxious to have the franchise transferred to some other town. Secretary Chas. Kelly returned from Lacrosse last night, where he conferred with the officials of the baseball association.

IVANNI KNOCKS OUT MCDONALD IN 9TH ROUND

Boxing Contests Are Still Held in Moose Jaw—Two K.O.s. In One Evening.

Moose Jaw, July 9.—In a contest for the middleweight championship of the Dominion here last night, Gus Ivanni, the holder of the title, knocked out M. McDonald, of Chateaufort, Ont., in the ninth round of a scheduled 15-round bout. Eddie Wolfe, of Chicago, outpointed Matt Smith, also of Chicago, in a ten round light-weight contest which was one of the best ever seen here. Gus Clark of Regina stopped Harry Hall of Moose Jaw in the third round of a scheduled ten-round bout. Both are welter weights.

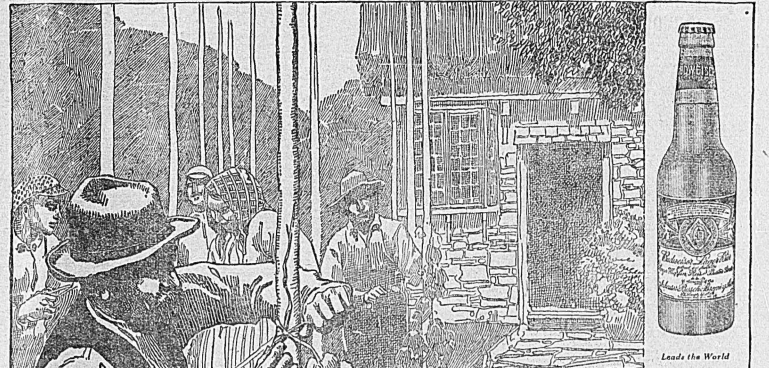

ABOUT SAM LANGFORD

New York, July 9.—In discussing Sam Langford, who is now on the way back from Australia, Hugh McIntosh declared that it was not true that the Boston negro's frequent meetings with Sam McVey were regarded by the former with any great amount of pleasure. The only reason they fight so often is because they have no other opponents to meet, as mixed matches are frowned upon in Australia. The two blacks are bitter rivals and both are compelled to accept much punishment in their battles together. McIntosh thinks McVey is but little inferior to Langford.

# Alberta Colts Winners at Winnipeg Race Meet

Centennial Futurity Goes to Animals From the West—First Day of Winnipeg Races Proves Very Successful  
There Being Good Attendance.

Winnipeg, July 9.—Two colts steeplechased by Cyclists, with owners in Alberta, headed the field today in the feature event of the first day's racing at the Canadian Industrial Exhibition. The race, the centennial futurity, for a purse of \$1,000, was run at 1:30. Owned and foaled in Canada west of the Great Lakes, was rather rugged, Cyclist and Cyclone leaving the field far behind to finish in the order named. Queen Mary, the favorite, was left by several lengths at the post and was a made any impression. The 2:15 pace or 2:50 trot was won in straight heats by College Gent, the favorite, with heat constituting a race. The Beaver had matters more his own way in the 2:25, his only challenger being Andewash. Heavy Walbank and Marchmont were bracketed favorites in the seven furlong dash, which was won by the latter by a neck.

Results:  
2:15 pace or 2:10 trot; purse \$1,500, run in three heat plan.  
First heat—College Gent (J. Carson, Winnipeg) won; Merry Direct (F. E. Smith, Calgary) second; Lead On (R. O. Wills, Bolevian, Man.) third; Joe McCreag (J. W. McLean, Monarch, Alta) fourth. Time 1:21 1-2.  
Second heat—College Gent won; Merry Direct second; King Oka (McKenzie and McDonald, Winnipeg) third; Time 1:21 1-2.

## Any Headache Cured Tired Systems Re-toned

WHEN YOU'RE DULL, TIRED, REST-LESS DAY AND NIGHT SOMETHING IS WRONG IN THE STOMACH.

A Prominent Publishing Man Says the Quickest Cure Is Dr. Hamilton's Pills.

Headaches never come to those who use Dr. Hamilton's Pills, and this fact is vouched for by the Assistant Manager of the University of Chicago, Dr. J. H. Hamilton, who writes: "No better medicine than Dr. Hamilton's Pills, which I use regularly and know of marvelous cases that resulted every evening. They cleanse the whole system, act as a tonic on the blood, improve digestion, help the stomach, and make you feel strong and well. For headaches, indigestion and stomach disorders I am confident that the one prescription is Dr. Hamilton's Pills."

## LONGWORTH GETS THE FOREST CITY

He Finishes First in the Fastest Pacing Race at the Cleveland Meeting

Cleveland, July 9.—Bigger fields and faster time furnished more thrills for the spectators in the third day's racing in the opening grand circuit meeting yesterday. Warner, weather was in favor of the horses for the running of the Forest City, the fastest pacing race of the meeting and the record for the event was not broken. Finishes in each heat were suitably exciting. Summary:

2:15 class trotting, three heats, purse \$245.00.  
First heat—Longworth (J. M. Stetson, Col. Kelly) won; J. M. Stetson, Col. Kelly, (J. M. Stetson, Col. Kelly) second; J. M. Stetson, Col. Kelly, (J. M. Stetson, Col. Kelly) third. Time 2:06 3-4.  
Second heat—Longworth (J. M. Stetson, Col. Kelly) won; J. M. Stetson, Col. Kelly, (J. M. Stetson, Col. Kelly) second; J. M. Stetson, Col. Kelly, (J. M. Stetson, Col. Kelly) third. Time 2:06 3-4.  
Third heat—Longworth (J. M. Stetson, Col. Kelly) won; J. M. Stetson, Col. Kelly, (J. M. Stetson, Col. Kelly) second; J. M. Stetson, Col. Kelly, (J. M. Stetson, Col. Kelly) third. Time 2:06 3-4.

The Forest City 2:50 class pacing, 2 in 3; purse \$2,500.  
Longworth (J. M. Stetson, Col. Kelly) won; J. M. Stetson, Col. Kelly, (J. M. Stetson, Col. Kelly) second; J. M. Stetson, Col. Kelly, (J. M. Stetson, Col. Kelly) third. Time 2:50 1-4.

## BIG VALUE PRIZE FOR MOTORBOAT RACES

Toledo, O., July 9.—Over \$15,000 in trophies and cash prizes are offered by the National Association of Boat Manufacturers and the Perry Centennial committee for the 24 power boat races to be held at Put-in-Bay, Toledo, during Perry Centennial week, July 21 to August 2.

The cash prizes amount to approximately \$9,000, while the value of the trophies will reach \$5,000. There are 24 trophy cups, the finest ever offered at any regatta. The National, International and Interstate cups for speed boats and the motor yacht and cabin launch championship trophies offered by the National association alone foot up \$3,000 in value. In addition to these, the Inter-lake committee has put up 18 trophies for the races to be held under its jurisdiction, making the greatest array of prizes ever put up at a single regatta. In the Perry Centennial championship, free-for-all at Put-in-Bay, the first prize is \$1,000; second \$500 and third \$250.

## ANDERSON'S BEATING AFFECTED KIDNEYS

Oregon Lightweight in Hospital at Los Angeles as Result of Punishment

Los Angeles, July 9.—Bud Anderson, the Oregon lightweight boxer, who was defeated by Leach Cross at Vernon on July 4th, is in a serious condition in a hospital. The beating he received is believed to have affected his kidneys.

## CANADIAN BOWLERS

London, July 9.—A magnificent reception was extended to the Canadian bowlers, who arrived in London yesterday. The bowlers played the "Tilford Club" of the scores of the "Tilford Club" were:

Farver, 21; Calder, 11; Woods, 14; Campbell, 49; T. Remie, 20; Kitchen, 21; MacTavish, 23; Burns, 21; Newell, 16; Neil, 15; Rice, 3; Stevenson, 25; Totals: Canada, 99; Tilford, 123.

## IT REMINDS HIM

In a discussion of our enormous pension roll, Congressman John C. Floyd said in an address in Yellowknife:

"This pension roll irresistibly reminds me of an occurrence in the town of Nova Scotia many years ago. A circus visited Nova Scotia one May day. From tales about the country the people came to see the show. In a crowded tent, the performance in fine circus fashion went on with pink leopards, and lovely ladies seated on baroque horses, and elephants, and giraffes, and ground and billy lumbering."

## NORTHERN LEAGUE

Winnipeg, July 9.—The Maroon and White Sox worked up another pitcher's battle yesterday in this line. Winnipeg won, but not without a hard fight, the final score being 10-9.

Each team was not able to collect more than five hits. Only one run was earned. The game was a close one, seventh, alone and trotted home on Birke's single. The visitors made an attempt to pull the game out in the ninth, when Oltner pegged wildly and Matt singled, but Wilke could not hit.

Wilke, who had been on the bench, sliding back to first and had to retire. Score:

Duluth 10 000 001-1 5 3  
Winnipeg 9 000 100-2 3 4  
Batteries: Black and Wilke; Nelson and Beckett.

Winnipeg 9 000 100-2 3 4  
Batteries: Black and Wilke; Nelson and Beckett.

## WHEN THE EMPEROR WAS CALM

Scene of humor is a strong trait of the venerable Emperor Franz Joseph of Austria. One day, unannounced, Franz Joseph visited the military academy in Vienna-Niedersieben, entered a class room, and, saying to the officer having a reputation, "Don't let me disturb you," took a seat. On the bench, behind him, he put his general's hat, crowned with its bush of long straight feathers. A boy eyed the great plumes with admiration, stretched his hand out and plucked one. Embarrassed by success, he took four more, and would have taken the rest had he not touched the emperor's arm in the process.

"Are you doing that?" asked Franz Joseph, viewing the depleted bunch.

"For a moment," the boy stammered. "But why so many?"

"My courtesies would each want one," the boy replied.

"Well, I suppose there is no way of doing it but to give up," said the emperor, by this time laughing heartily as his torso bowed back. "Turning to the boy, who had been so much embarrassed by the emperor's remark, he remarked, 'But, captain, you must have had your cap to go home in.'—Editorial Review.

## RITCHIE MAY SECURE McFARLAND'S MANAGER

Chicago, July 9.—If Willie Ritchie pulls through their deal to annex Ritchie, Packer McFarland's manager, the lightweight champion, he will have gained a valuable ally, provided he means to take the Chicago World title in the future. It was Ritchie who first brought Ritchie to the fore, picking him up to set as sparring partner for McFarland when the latter was training at San Francisco for his bout with Tommy Murphy. After Ritchie met Freddie Welsh, Ritchie undertook to manage him and brought him east in company with McFarland. But McFarland soon issued an ultimatum, saying that he could not serve two boxers. Ritchie took the hint and left the combination of his own accord.

## NEWPORT DOG SHOW

Newport, R. I., July 9.—As well as being among the contributors of prizes for the Newport Dog Show, which takes place at the Casino Hotel August 3 and 4, the summer residents here are also to be well represented on the benches by their dogs. Alfred Vanderbilt is to exhibit his dogs and Mrs. M. Van Buren of New York. Many offers of prizes have already been received by the bench committee.

## RICE CHESS TOURNEY

New York, July 9.—J. R. Opa-blanca of Havana played his third game in the masters' tournament of the Rice Chess Club yesterday afternoon against Bernstein, whom he defeated in a queens pawn opening after twenty-five moves. Capablanca played quietly, consuming only 17 minutes, to his opponent one hour and ten minutes. Capablanca now leads the field with a score of 30 to 0.

## THE STAR CROP

H. H. Frazee, Who Produced "Fine Feathers" Just Turned Thirty-Two Years of Age

H. H. Frazee, who had not yet been born in Peoria, Illinois, when David Belasco was already producing plays in California, has ascended the theatrical world by his production of Eugene Walter's drama, "Fine Feathers," with a cast of dramatic celebrities including Robert Edeson, Wilton Lackaye, Max Figman, Rose Coglian, Lolita Robertson and Amelia Sumners, which will be seen at the Empire Theatre tomorrow, Friday and Saturday.

For the last six years Mr. Frazee has been known as a producer of light musical pieces, having made a fortune with "Madame Sherry." When it became known that he had contracted to put on the much-discussed Eugene Walter play, a whisper of surprise ran through the theatrical world; the realization of his competence and his confidence thunders forth shortly thereafter when the cast for "Fine Feathers" was announced, for it sounds like a roll-call of the elite in the drama. And when the play scored its well known success, winning praise such as is seldom given to a modern drama, Mr. Frazee's position became that of a producer who must hereafter be reckoned with in the world of drama.

And this Harry Herbert Frazee is but a boy—just turned 32. He was born in Peoria in 1881, and after graduating from the local high school became assistant treasurer of the Grand Opera House in his native town. At the age of 16 young Frazee went on the road as an advance agent and toured the country till 1902, gaining that geographical information and practical knowledge of the country which has since served him well. At the age of 21 he made his first production—"The Girl at the Helm"—and soon had three companies touring the country in that rural drama. The season after he added "The Gambler's Daughter" to his list of productions. Observing the growing demand for musical comedy in the smaller cities he decided to leave the provinces that sort of entertainment, but with better casts than had heretofore fallen to their lot. He first produced "The Royal Chef," which faced as well that he made arrangements with Mort Slocum, the Chicago producer, to take over all of his Chicago successes for the territory which the original production had not played. In rapid succession he acquired a roster of musical comedies, which included "The Tale of Spie," "A Knight for a Day," "The Time, Place and Girl," "The Girl Question," "The Girl at the Helm" and "The Flower of the Ranch."

In 1907 Frazee financed and built the Cort theatre, Chicago, situated at the corner of Randolph and Dearborn streets, which has housed a number of his recent successes, notably "Fine Feathers," "Ready Money" and "The Silver Wedding." With the production of "Madame Sherry" three years ago and its removal to New York, Mr. Frazee transferred his headquarters to that city, where he became one of the important figures on "Producers' Row." He has just completed the magnificent Longacre theatre, New York, located at the corner of Forty-eighth and Broadway. Since his coming to New York young Frazee has managed a galaxy of stars, such as Richard Barle, Edna Wallace Hopper, Arnold Daly, Ralph Herz, Louise Dresser, Jefferson de Angelis, Thos. W. Ross, Thos. A. Wise and others. "Ready Money," which scored a simultaneous success in New York, Chicago and London, was his last production before he surpassed himself by his cast of stars.

With the production of "Madame Sherry" he has all the qualities of the successful showman. He has a keen insight into the public's taste, is a good judge of dramatic quality in plays as well as in play, and has the confidence to plunge where more conservative managers fear to tread. With a production like "Fine Feathers" to his credit at the age of 32, the future holds few limitations to his further development.

## DICKINSON SURE TO MAKE LAUGHS

He Is One of the Most Entertaining Comedians Ever Seen in This City.

There is, at the Empire theatre the first half of this week, one of the most explicitly entertaining comedians it has been the rare privilege of Edmonton audiences to see in many moons. This young man appears as a bucolic Judge, crudely made up, with a low, timid voice and an appreciation of humor seldom found in vaudeville entertainers. His name is Dickinson, Walter S. He is scarcely 30 years of age, and if he doesn't make you laugh without any apparent attempt to do so there is no appreciation of humor in you. But Dickinson is not the entire bill. Not by any means. There is Milton Pollock and his excellent little company in a George Ade sketch; Ramona, the Egyptian with the dexterous fingers and the undeanly illusions; Arenas and Victor, two graceful Spanish dancers; Billie Seston, a petite little singer; Phina and her three picks in a series of songs and dances, and Walsh and Bentley, who make merry as "The Bellboy and the Athlete."

## FIVE FINE ACTS MADE UP PROGRAM

Comedy, Singing, Dancing and Drama Supplied as the Bill For This Week.

The Pantages bill this week is composed of a bill said to be the best yet. There are five splendid acts and comedy, singing, dancing and drama is supplied. William Schillings and company head the bill in that powerful playlet entitled "Destiny," and yesterday and Monday the different performers received excellent receptions for their work. Mr. Schillings himself a role of a drunken wreck to perfection. The biggest laughing hit of the season is being furnished by Marshall and "Tribble, two colored comedians. They have bright and witty talk and sing occasionally. These Nifty Girls have a delightful little act that is very pleasing. Both the young ladies have good voices and sing well. They dance with charm, while their pretty faces add much to the act. Carmen and Clifton have a good musical act which is set in special scenery. Bob Albright continues to make a hit with his singing, while Menlo Moore's "Sorority Days" concludes a well-balanced bill.

## CON. T. KENNEDY SHOWS.

Sixteen separate shows within one enclosure will be offered by the Con. T. Kennedy carnival company on the Grand street grounds near the C.N.E. depot all next week. These consolidated attractions have played with remarkable success throughout the East this year, and are reported to be the greatest organization of their kind on the American continent.

Among the features offered by the Kennedy company under the auspices of the Edmonton Baseball Club is La-Azoria, a dazzling musical show participated in by 25 people, all of whom are talented singers and dancers with a forte for comedy that is new and scintillating. La-Azoria is attractively staged and costumed and possesses a wealth of good musical comedy talent.

The contest for Queen of the Carnival in connection with the Kennedy shows goes merrily on, with Miss Mary Hutton still leading the race for possession of the \$150 diamond ring which goes with the position.

The standings of the contestants at 6 o'clock last night were as follows:

Miss Mary Hutton	3635
Miss Annie Boshine	2819
Miss Manerella La Brier	2327
Miss Marjorie Orenti	2300
Miss Elsie Dalhart	1110

## BLANCH WALSH IN PHOTO PLAY AT THE ORPHEUM.

The Orpheum theatre for the remainder of this week is presenting the moving picture of Blanch Walsh in Leo Tolstoy's "Resurrection." The piece, which is beautifully staged, presents a very interesting photo play in four parts. The incidental Russian dances seen in this troupe are by the Russian Imperial Troupe, a big time vaudeville act. This picture ranks with the Ben-Hur, "Queen Elizabeth," "Heckle" in "Prisoner of Zenda," and Helen Gardner in "Cleopatra," and all lovers of

## HAY INSPECTOR IS SUGGESTED BY ALDERMAN LUNDY

He Would Do Away With Giving Horses Feed That Is Not Fit to Eat.

## DANGERS IN STREETS ALSO IS POINTED OUT

Manhole in Marjorie Street Complained About, As Is the Condition of Traffic on the Low Level Bridge.

The agenda for last night's council meeting was put through much more rapidly than has been the case for several months, and as a result several members of the council took the opportunity of pointing out defects in several things.

Alderman Lundy complained about the poor quality of some of the hay that is being sold in the city. He believes that in many cases it is so bad as to be unfit for use as feed. As a remedy he has suggested that the market committee consider the advisability of appointing a hay inspector, whose particular duty will be to inspect all hay that is brought into the city and mark it No. 1, 2 or 3 grade, depending on the quality.

It would then be possible for teamsters to phone in their orders, and select just what class they desired. If the grade ordered were not supplied they would then have an opportunity to get at the source of the trouble. Alderman Lundy's suggestions were well taken and will be brought to the attention of the market committee.

### Manhole a Menace.

That a manhole on Marjorie street projected two feet above the ground, thus endangering traffic, especially at night, was another matter with which Alderman Lundy dealt. He felt that at any time it might be the cause of a serious accident which might cost the city a considerable amount in damages.

The engineering department will be notified at once that this danger must be eliminated.

Alderman Driscoll called attention to the condition of the sidewalk at Tenth street and Victoria avenue. This has been in a very unsatisfactory condition ever since the work on the new high level bridge started. The commissioners will be asked to take the necessary steps to have this sidewalk repaired.

Alderman Calder called attention to the congested condition of the traffic on the low level bridge. He stated that the police department was not doing its duty in enforcing the traffic bylaw, especially in regard to teamsters who persist in driving on the wrong side of the roadway.

### Will be Attended To.

He suggested that printed copies of the traffic bylaw should be handed to all teamsters, as is done in many other cities, for in many cases it is through ignorance of the bylaw that these conditions exist.

The mayor explained that these traffic irregularities would be taken up with the chief of police on his return from the east. Copies of the bylaw will also be circulated among the teamsters, as suggested.

The condition of the "clover hat" road was called to the attention of the council by Alderman Lundy. This road is in such a poor condition that it would be almost impossible to prevent cruelty to animals, in the opinion of Alderman Lundy. He suggested that if the council will provide brush for a foundation the teamsters would have sufficient gravel to surface it. The mayor suggested that the best method would be to pave a strip on this road, even if it were only 10 or 15 feet in width. The matter was referred to the commissioners for a report.

Such was the verdict returned last night at the coroner's inquest into the death of John J. Scott.

## BANK TROUBLE LAID TO WILSON ADMINISTRATION

This Is the Opinion in London of American Financiers Regarding the Failure in Pittsburgh

London, July 9.—The suspension of the First Second National Bank of Pittsburgh and the run on the Pittsburgh bank for savings, are the fruits of the policies of the present administration, in the opinion of American financiers in London.

One of them observed yesterday that the management of banks had revealed satisfactory to the officials of the previous administration and that apparently it was the merger of the two banks which had been the cause of disagreement between officials of the bank and officials at Washington.

On the whole, the minor financial storm now raging in Pittsburgh is accepted here with universal equanimity. It has now exercised any appreciable effect on the market for American securities.

## FOREST FIRE LAW NEEDS AMENDING TO PROTECT ALTA.

Present Statute, 15 Years old, Declared Inadequate by Foresters

## URGENT ACTION NEEDED TO SAVE THE TIMBER

Inspector of Rangers Finlayson Says at Convention that This Is the One Big Problem of Today.

Winnipeg, Man., July 9.—The third day of the convention of the Canadian Forestry association was taken up this morning with the reading of papers by S. A. Bedford, deputy minister of agriculture for the province of Manitoba, who dealt with the "Farm Hedges," F. W. Broderick, D.S., a professor of forestry in Manitoba agricultural college, whose subject was "Some Aspects of the Teaching of Forestry," and Norman M. Hoss, chief of tree planting division of the Dominion forestry branch.

At noon today the officials and delegates partook of a luncheon at Assiniboine park given by the association. There will be a session held tonight at 8.30 o'clock which is in the nature of an extra session, brought about through the stress of work.

Dealing with the teaching of the forestry Prof. Broderick said: "Young men who are to take up the establishment of forest plantations should be thoroughly conversant with the various methods employed in producing forest nursery stock. I think in the study of forest nursery problems that a great deal of emphasis should be placed on the way in which forest nurseries stock is produced. So much of the success of forest nursery planting, and particularly of farm forest planting depends on the class of stock that is used, that a study of the methods that are employed in the production of this stock is of the greatest importance."

As to fire legislation, Prof. Broderick said: "Last night E. Finlayson, inspector of fire rangers Dominion forestry branch, read a paper entitled 'Forest fire legislation in Manitoba, Saskatchewan and Alberta.' He said: 'At the present time practically the whole energy of the Dominion forestry branch is being exerted in the direction of fire protection. This is the one big problem that faces us today. Protection of the timber from fire. 'What is the use of trying to enforce private fire laws in a timber country, and what is the use of enforcing forest fire laws in a prairie country? We still have prairie fires, but it would seem that with the coming of settlement, the breaking up of the land, and the presence of people in organized communities, that the prairie fires of olden days when thousands of square miles were swept by fire, sinking terror to the heart of the isolated settler, are a thing of the past.'"

This has been largely brought about by settlement. With the timber lands the reverse is the case; for the incoming settlers in search of land must press for the northward through timber belts, and rather than decreasing the fire danger to timber, it is very much increased.

"Why is it not possible, when it is for the good of all concerned, to nip the fire danger in the bud? In prairie fire laws, while people of the next district are subjected to forest laws, it is quite possible to designate certain districts as forest fire districts and within these districts to include the absolute timber land, and also a reasonable strip of settled land from which there is a liability of fire spreading in timber."

"A closed season for fire to be included in the law should start with the earliest date at which fires are liable to commence in any year and should end with the latest date to which the fire danger is liable to last in any year."

For a strong law, "I would recommend that a 16 foot fire guard be required throughout the closed season, and before a settler starts a clearing fire he should be required to have a written permit from the ranger in charge of the district. This should be the law, but the ranger should be empowered to waive requirement in their strictest sense, when conditions permit. In other words, make the law strong enough to embrace all conditions, but also give the ranger power to use his discretion in modifying the requirements."

"Many fires are started today by persons who know that the law is weak in this respect, and that they are not liable to get into serious difficulty for breaking it. I believe that there are just what it is worth to them to have their lands all cleared by fire. They figure out what it would cost them to take the precautionary measure prescribed by law, and on comparing it with that which they might be required to pay, they know whether it is a paying proposition to break the law, regardless of the damage it may cause to the timber resources of the country."

In conclusion Mr. Finlayson pointed out that the fire law in Manitoba today is practically the same as when enacted 15 years ago, and the laws of Saskatchewan and Alberta, but little changed since enactment 15 years ago, are not adequate to promote the protection of timber from fire, and that urgent action is desirable in the passing of a new and up-to-date forest fire law.

## THE LATEST CENSUS

As a rule you would not expect to find a census of Canada in a dictionary, but that is one of the important and distinctive features of Webster's New Illustrated Dictionary, which is being distributed to the amount of several thousand copies among our readers who have clipped six coupons from the columns of The Capital. This new census is of great importance just now; the wonderful growth of the cities, counties and provinces is truly remarkable, and it is of vital importance to every man, woman and child who would know of the wonderful progress of this our native land.
